

Summer Kisses – Wildfire Gypsies

Whatever happened to the lazy days we thought would never end
Whatever happened to those crazy nights and all our crazy friends
Hard to imagine that it's been so long so many years have passed
Whatever happened to those sunny days when all our time would last

Chorus 1

Never was a doubt nothing I could do, my heart was set on you
Never had a care no one else was there
When you gave me Summer kisses, Summer kisses,
Summer kisses, you gave me Summer kisses

Whatever happened to the plans we made to leave it all behind
Whatever happened to the dreams of all the wonders we might find
I'm almost certain that the things I felt weren't only in my head
Whatever happened to that smile you showed the sweet words that you said

Never was a doubt nothing I could do, my heart was set on you
Never had a care no one else was there
When you gave me Summer kisses, Summer kisses,
Summer kisses, you gave me Summer kisses

Never was a doubt nothing I could do, my heart was set on you
Never had a care no one else was there
When you gave me Summer kisses, Summer kisses,
Summer kisses, you gave me Summer kisses
Summer kisses.....
